### Demolition of DePaul Medical Center Vincent Building

**Estimated 98% of demolition materials was recycled.**

DEMOLITION

COMPLETE

REBUILT

## Heavy Demolition

### Details:

- Owner: Bon Secours Health System
- General Contractor: Macsons, Inc.
- Project Name: Demolition of DePaul Medical Ctr. Vincent Bldg.
- Location: DePaul Medical Center, Norfolk, VA

### Description:

**HEAVY DEMOLITION** primarily involved deconstruction, hauling and disposal of the Vincent Building at De Paul Medical Center including interior soft strip, and removal of asbestos containing materials prior to demolition. All new work was implemented according to plans and specifications. 98% of demolished building structure was used (recycled) within Macsons Crushing Division as fill-base for new construction of the Doctors parking lot, which was also built entirely by Macsons.
