Demolition & Abatement: Elizabeth River Downtown Tunnel Ceiling

All work completed ahead of schedule; allowed for extra work.

Select Demolition

Details:

- Owner: Virginia Department of Transportation (VDOT)
- General Contractor: Macsons, Inc.
- Project Name: Downtown Tunnel Ceiling Removal
- Location: Norfolk/Portsmouth Downtown Tunnel

Description:

SELECT DEMOLITION was implemented over weekend tunnel closures, and completed three weeks ahead of schedule. Work for this project primarily involved removal of the concrete and steel ceiling structure in the Downtown Tunnel, as well all abandoned conduit and utilities running throughout the tunnel. Macsons also cleaned and refinished the tunnel's structural ceiling with an epoxy coating. The job included Lead and Asbestos Abatement.
