### Demolition & PCB Removal of Great Neck Middle School

**Removal and disposal of 110,000 sq. ft. of a two story school, recycling and grading.**

## Heavy Demolition & PCB

### Details:

- Owner: Virginia Beach Public Schools
- General Contractor: M.M. Gunter & Son, Inc.
- Project Name: Demolition of Great Neck Middle School
- Location: Virginia Beach, VA 23456

### Description:

**HEAVY DEMOLITION:** The scope of work for this project includes demolition, removal and disposal of approximately 110,060 sq ft of a 2 story school, located in Virginia Beach, VA. Additionally, the project entailed removal and disposal of non-friable asbestos floor tile, transite paneling and window glazing, as well as PCB (Polychlorinated Biphenyls) contaminated door and window caulk and soils. All concrete materials were salvaged and crushed onsite for reuse.
