Old Cinemark Theater, Chesapeake Square

Result: Pristine ground ready for progress.

CRUSHING

BACKFILL

Heavy Demolition

Details:

Owner: Chesapeake Economic Development

General Contractor: Macsons, Inc.

Project Name: Demolition of Bldg. 1 & 2 Stepping Stone Square

Location: 4300 Portsmouth Blvd., Ste. 300, Chesapeake VA 23321

Description:

The scope of work consisted of the demolition of the Old Cinemark Theater Bldg in Portsmouth. Demolition, removal, disposal of the building structure included all slabs, foundations, followed by back fill and grading of the site to match specific drainage requirements. A one and a half story, 27,000 Sf former movie theater was successfully demolished, along with all concrete materials, slabs, foundations, curbs, and sidewalks. Macsons' in-house crushing crews segregated and processed all materials to a 21b aggregate size and reused them to backfill the former sloped building pad site. Macsons recycled over 95% of the old theater, and the site remained as specified in accordance with the owner and City of Chesapeake land disturbance approved plan, which was designed and implemented by Macsons.
